⁷[Notes for computation of NDCF:

- 1. NDCF computed at SPV level for a particular period to be added under this line item, even if the actual cashflows from SPV to InvIT has taken place post that particular period, but before finalization and adoption of accounts of the InvIT.
- 2. The Trust retains the option to distribute any surplus amounts, unless such surplus is required to create reserves for any subsequent period. However, any reserve created out of debt funds at the time of availing debt as per the terms of the financing documents shall not be reduced.
- 3. The option to retain 10% distribution under Regulation 18(6) needs to be computed by taking together the retention done at HoldCo, SPV level and Trust level.
- 4. Surplus cash available in InvITs/HoldCos/SPVs due to:
 - i. 10% of NDCF withheld in line with the Regulations in any earlier year or half year or
 - ii. Such surplus being available in a new HoldCo/SPV on acquisition of such HoldCo/SPV by InvIT or
 - iii. Any other reason, excluding if such surplus cash is available due to any debt raise.

could be considered for distribution by the HoldCo/SPV to the InvIT/HoldCo, or by the InvIT to its Unitholders in part or in full. Also, such distribution of surplus funds shall be separately disclosed after the NDCF computation for the respective period.

Provided that with regard to the point 4 (ii) above, if an acquisition of such SPV was funded by external debt, then surplus cash available with such SPV should first be used to repay such external debt. After such debt repayment, remaining surplus, if any, can be used for distribution.

- 5. Similarly, any restricted cash (disclosed as such) should not be considered for NDCF computation by the SPV or InvIT (e.g. unspent CSR balance for any year deposited in a separate account as per Companies Act which will be utilized in subsequent years, DSRA reserve, major maintenance reserve etc)
- 6. Further, it is expressly provided that no Trust or SPVs can distribute any cashflows by obtaining external debt, except to the extent clarified in note 2 and 7 (this will exclude any working capital / OD facilities obtained by Trust/ SPVs as part of Treasury management / working capital purposes as long as they are squared off within the quarter).

⁷Amended pursuant to SEBI Circular No. SEBI/HO/DDHS/DDHS-PoD-2/P/CIR/2025/63 dated May 07, 2025.

Further if such proceeds are not intended to be reinvested as per the timeline provided in the Regulations and such net proceeds are to be distributed back to Unitholders, then redrawing such temporarily parked funds to distribute such net proceeds will not be considered as a contravention of note 6 above.
- 8. Cash flows received from HoldCos / SPV's / Investment entities which represent distributions of NDCF computed as per relevant framework at the Trust and/or HoldCo level for further distribution to Unitholders shall exclude any such cash flows used by the Trust and/or HoldCo for onward lending to any other SPVs / Investment entities/HoldCo to meet operational / interest expenses or debt servicing of such entities.
